Attends Dulles Party

Queen Elizabeth, Philip to See Maryland-North Carolina Game

WASHINGTON (UP) — Sports-loving Queen Elizabeth II gets her first taste today of a cherished American tradition — the Saturday afternoon college football game.

At her side when she watches the Maryland-North Carolina game in College Park, Md., were to be her athletic husband and two royal football advisers, Maryland Gov. Theodore R. McKeldin and university President Wilson H. Elkins.

Crammed into the University of Maryland Byrd Stadium with them will be a sell-out crowd of 43,000, probably drawn there as much by the Queen as the prospect of some top-notch football.

Before she started off on her fast-paced jaunt of North America, the Queen made it known she wanted to see a football game here. It took a lot of arranging to fit it into her tight schedule. College officials even had to delay the game's start so she wouldn't miss the first half.

Straps Break

But all the excitement of the game could hardly match a tantalizing performance produced by a pair of broken straps on the dress of a shapely dancer Friday night at another glittering state dinner for the Queen given by Secretary of State John Foster Dulles.

The straps popped on the gown of dance specialist Marge Champion as she was being swept around

the floor before her majesty by her husband, Gower. They completed their dance with the top of the dress threatening to fall but managed to finish with no undue revelation.

The dinner was somewhat less strenuous for the Queen than was a reception earlier Friday at the British Embassy. It was estimated the seemingly tireless Queen shook hands at the rate of 16 a minute while the champagne and scotch flowed.

Rain Falls

The rain drove the party inside the embassy's chandelier-lighted ballroom from the garden where it originally was to have been held.

At the dinner in the Pan American Union, Dulles in a toast to the Queen called for "increasing exchange and contacts" between the United States and Great Britain to cope successfully with new problems of the future.

The Queen, in an answering toast, called for "unfettered exchange between men of ideas" if freedom is to survive. She followed protocol and asked that the guests "rise and drink to the health of the President of the United States."

After two church services Sunday, the royal couple will get a breather from the official round of appearances. They will motor to Middleburg, Va., to the farm of Paul Mellon to inspect his thoroughbred horses.

Fire Destroys Two Homes East Of Harrisburg

Fire destroyed two houses and their contents east of the Harrisburg city limits yesterday afternoon.

Destroyed were the homes of Lettie Feazel and Coy Milligan, which are the extreme end of the narrow brick pavement on East Walnut street, about a quarter of a mile from U. S. Route 45.

Fire Chief L. G. Martin said he learned the fire started in the Feazel home, which is immediately west of the Milligan home, and spread quickly to the other house.

He also said that he learned Mrs. Feazel was away from home working and that her ten-year-old daughter, Karen Ann, was at home by herself when the fire started. She told Martin the fire started from an overheated stove, the flames starting around the flue.

Everything in the Feazel house and everything except a few packages of new roofing or siding was lost at Milligan's.

Chief Martin said that only the booster tanks on the two city fire trucks were available for water, as the houses were too far away from city fire hydrants to use them.

Milligan told Martin that he had a lot of new furniture in his house. He also said he was at home but did not have time to get articles out of his house.

Trucker Held After Death of Highway Worker

MURPHYSBORO, Ill. (UP) — Eugene Small, 40, Martin, Tenn., is being held on a reckless homicide charge in the death of a state highway worker killed in a traffic accident here.

Authorities said Small's semi-trailer truck plowed into a parked Illinois state highway truck, kicking it into three workers who were drilling holes in the highway.

Fred Beattie, 61, Murphysboro, was killed in the accident Friday, and Jesse Gollmer, 70, Murphysboro and Anzie Edmonds, 56, Pittsburg, were taken to St. Andrews Hospital here.

Police said there were warning signs posted on both sides of the highway truck which was parked in the wrong lane of traffic.

Spanish Fishing Boat Rescues American Pilot

LA CORUNA, Spain (UP) — American pilot Bill Wyatt, attempting a nonstop flight from Galveston, Tex., to Rome in a small plane crashed in the Atlantic early today and was rescued immediately by a Spanish fishing boat.

The boat, the Virgen De Buen Consejo, brought Wyatt to La Coruna, a fishing port on the north-west tip of the Spanish coast, some 400 miles west of the French city of Bordeaux, where he had been expected to land because his plane was running out of gas.

First reports said Wyatt's plane, a small four-seater Mooney Mark 20, was forced into a storm-tossed Atlantic off the coast when snow piled up on the wings.

He radioed his position before going down.

The message was received at Santiago de Compostela and by the fishing boat that rescued him. The boat went quickly to his rescue.

The reports said Wyatt broke out of his plane by smashing a window. He was hauled aboard the vessel and brought here.

Double-Barreled Problem at Du Quoin

DU QUOIN, Ill. (UP) — The City Council here has a double-barreled problem.

It seems that shotgun marksmen are stealing traffic signs and using them for target practice.

On the other hand, open drainage ditches in the city are being clogged as fishermen dig in them for worms.

Khrushchev Hints for Summit Conference

Paul McKinnis And Family Spot Sputnik

Paul McKinnis, principal of Washington school at Eldorado, today told of seeing the Russian earth satellite Sputnik.

McKinnis reported that he, his wife and daughter spotted Sputnik at 5:12 a. m. today as it came over the northern horizon.

"It was Sputnik, all right," McKinnis related. "I heard last night that people in this area might see it about 5:19 a. m. today and set my alarm clock to get up around 5 a. m."

"We went out into the yard and at 5:12 we saw what looked like a bright star come over the northern horizon. It was moving southward. We expected to see some kind of a tail but it didn't have one. It was just like a bright star."

"It didn't look like it was going fast but it certainly was," he continued, "because it took only two minutes and 15 seconds for it to appear at the northern horizon and disappear to the south."

"It was most incredible to us, watching out in the cold, dark yard, and it certainly gives one an eerie feeling to realize you're looking at something that was sent into the outer spaces by man."

Egg Throwers Sentenced; Show No Regret

CANTON, S. D. (UP) — Five farmers who got off with easy sentences in connection with lobbing eggs at Agriculture Secretary Ezra T. Benson today showed no regret for their actions.

Judge Lloyd E. Myrabo sentenced the Volga, S. D., farmers to 30 days in jail and \$100 fine each, then suspended all but the fines.

The farmers all pleaded guilty to public disorder charges Friday in the Oct. 10 shelling of Benson at Sioux Falls, S. D. They were Maynard Renkley, Obel Knutson, Arnold Sween, Frederick Mielke, and Kermit Weinrich.

The egg barrage began as the cabinet member made a speech defending the administration's farm policies at the National Corn Picking Contest. Although Benson was not hit, his hat was splattered, as well as Gov. Joe Foss' top coat. Foss had been sharing the speakers' stand.

Following their appearance in court Friday, the farmers said they weren't sorry about the egg barrage.

"The purpose of the egg throwing was the desire of the farmers to show the unpopularity of Benson's policies in South Dakota," Knutson said.

UN General Assembly Approves Debate On Syria's Complaint Against Turkey

UNITED NATIONS, N. Y. (UP) — Western sources described as "fantastic" today Soviet-Syrian charges the United States and Turkey are plotting war against Syria.

"This isn't a shooting war," said one source, "it's an allegation war."

The U. N. General Assembly Friday put an urgent tag on the Syrian complaint that Turkey was massing troops on her border and endangering world peace. By a vote of 66 to 0, with Liberia abstaining, the assembly approved inclusion in its agenda of the Soviet-Syrian complaint that Turkey, with U. S. backing and advice, is planning to start a war against Syria week after next.

It was agreed the assembly as a whole would discuss the question, bypassing the usual committee debate.

No date was set for the discussion, but it was expected to start Tuesday or Wednesday.

Turkey's Ambassador Seyfullah Esin welcomed the airing of the Syrian charges before the assembly. He said the "real dangers" in the Middle East were being concealed "behind a smoke-screen."

U. S. Ambassador Henry Cabot Lodge suggested the Syrian charge be amended to include debate on the whole question of Syria's "independence." Lodge withdrew the suggestion after Syria objected.

Syria's complaint climaxed an exchange of charges that began when the United States expressed concern over Soviet shipments of arms to Syria. Turkey, one of America's staunchest allies in the Middle East, lies between the two countries.

Claims Only A Meeting Can End the Crisis

Moscow Continues Its Broadcasts Against Turkey

By WALTER LOGAN

United Press Staff Correspondent

Moscow radio suggested today that only a meeting of President Eisenhower, British Prime Minister Harold Macmillan and Nikita S. Khrushchev could end the Middle East crisis.

Moscow scarcely interrupted its slashing attacks on Turkey, the United States and Secretary of State John Foster Dulles to put forth the leader in a broadcast heard in London.

It said Macmillan and Eisenhower were meeting in Washington Tuesday for further Anglo-American plots in the Middle East and ridiculed Dulles' reasons for not wanting to call an East-West "Summit" meeting.

British Press Speculates

"Why the rush?" Moscow asked of the Eisenhower-Macmillan talks. "Why were all previous plans changed? . . . I, they really want to bring the Mideast back to normal why don't they invite other countries to confer?"

The broad hint that Khrushchev would like to attend such a Summit conference came as the British press was still speculating on the possibility of such a meeting despite Friday's foreign office denial.

The morning, evening and night-time Moscow blasts against the West stepped up in tempo as the United Nations prepared for formal debate next Tuesday on the Syrian crisis.

Say Crisis Artificial

The Western powers insisted the crisis was an artificial one built up solely by Moscow, and described as fantastic repeated Moscow charges the United States was urging Turkey to attack Syria.

Moscow also accused U. S. Assistant Undersecretary of State Loy Henderson of flying to the Mideast last August to try to get Iraq, Jordan, Israel and Turkey to attack Syria. Iraq and Jordan refused, the broadcast said.

Turkey still appeared calm despite the unprecedented propaganda attacks by Moscow.

United Press correspondent Russell Jones reported from Ankara that Turkey had "nothing against U. N. discussion of the Turko-Syrian border dispute but has not decided whether it would open its borders to investigation."

The Soviet propaganda obviously was taking effect in many Middle East nations. Arab nation after Arab nation promised to aid Syria in the event of "aggression."

But a projected meeting of the kings of Saudi Arabia and Jordan and the presidents of Lebanon, Syria and Egypt apparently was off in view of the U. N. decision to debate the question next week.

Legion Officials To Visit Area

George Fry Jr., 5th Division Commander of the American Legion from Eldorado, announces that L. R. Benston, director of Rehabilitation of the American Legion, Department of Illinois, and Leonard J. Kay, chief of claims in the Service Department of the Legion will accompany the department commander, Anthony Badamo, in a good will tour through Egypt from Oct. 28 and including Nov. 6. Meetings are scheduled at Robinson, Mt. Vernon, Fairfield, Harrisburg, and Anna—plus the 5th Division Past Commanders' Jamboree at Herrin on Saturday and Sunday, Nov. 2 and 3, plus also the meetings at Evansville, Belleville and Collinsville.

All post, county and district officers, as well as all child welfare officers, are urged to attend these meetings, so that problems affecting the disabled veterans and their survivors may be discussed with these two officials of the American Legion, who are recognized as experts in the field of rehabilitation.

By ALBERT MEYER

The soybean harvest is getting into full swing on Southern Illinois farms, and most corn fields are getting to the mature stage. With the season running somewhat late this year and grain slower in drying out, farmers should be aware of the need for good storage practices to protect and maintain the quality of the newly-harvested grain.

The grain moisture content must be right for storage. Unless unusually clean and not to be stored for longer than a year, shelled corn—as well as wheat, oats, and barley—should not have a moisture content exceeding 13 per cent. Clean, dry grain is not so attractive to insects nor as favorable to their propagation as is dirty or high moisture grain. Grain intended for use as food may be treated with certain protective powders which are spread over the surface of a load of grain, or applied to the stream of grain as it is elevated into the bin. Such powders, properly applied, may effectively protect the grain for six to nine months, although they are less effective if the temperature or the moisture content is high. Neither will they help much if the grain already is infested with insects.

Before putting new crop grains into storage bins, do a good bin cleaning job. Remove all waste grain from cracks, corners, and floor—outside as well as inside. If empty bins are insect infested, spray with a disinfectant, such as 2.5 per cent DDT or methoxychlor. A home-mixed spray composed of dormant tree spray oil, lye, and water will do well, too. For 10 gallons of mixture use one gallon of the spray oil, three ounces of lye, and nine gallons of water. One gallon will cover 50 square feet of bin surface.

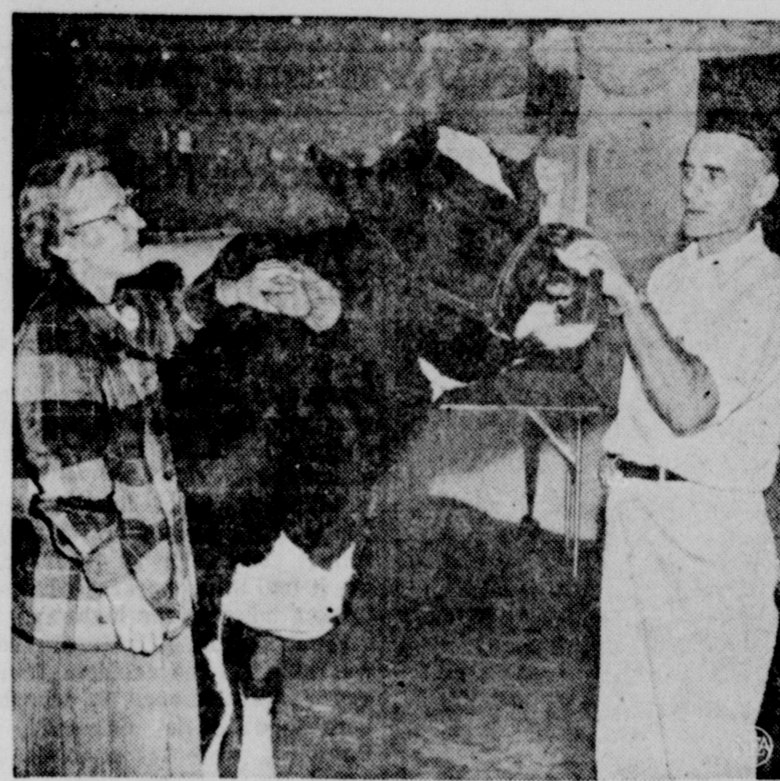

Corn picking time means a high danger season for the farmer operating a corn picker. There are constant reminders on farm safety, the importance of keeping alert, and stopping the machinery before making adjustments or unclogging the picker. The most vivid reminders are the frequent newspaper accounts of farmers who have suffered serious injury or death because they did not use the care necessary in operating the machinery.

While the bright weather of October still is at hand, farmers have a final opportunity to make necessary exterior repairs of farm buildings that need attention before winter. There still are good days for painting, but the job usually will need to be started later in the morning and end earlier in the evening to avoid trouble with moisture from dew on the surface. Be sure that the area to be painted is dry and free of grease, excessive dirt, and the scale of peeling paint.

Leaky roofs need patching now. Cold or wet winter weather is a poor time to get on a roof to make repairs that should have been made when the sun was shining and the season was more appropriate. Leaky roofs may cause damage to stored forage and grain, machinery, and to the building itself.

Broken panes in the barn or poultry house windows deserve to be replaced before bad weather arrives. Windows are intended to provide natural lighting during daytime, to give protection from adverse weather, and to allow for proper ventilation. A broken window defeats its purpose. A dirt-crusted window keeps out a lot of natural light, too.

Loose boards or door hinges, or a broken door latch may be repaired in a few spare minutes and

Brother and sister both attend the University of Illinois, and each has won two of "Model Ty's" four awards. Audrey showed the winner this year and last year.

This Week at DIXON SPRINGS

University of Illinois Experiment Station

(A round-up of the week's work, activities, and observations at the University of Illinois Dixon Springs Experiment Station near Robbs in southern Illinois, prepared by the Station's staff.)

Twenty years ago, in 1937, ear corn silage was made on the Station, and this year it was made again. In both years weather was the moving force. In 1937 flood-damaged corn was used; this year late-planted, immature corn was used. Both 20 years ago and now the ear corn silage was stored in trench silos. It is here, however, that the similarity between the two crops ends.

Flood Damage

The 1937 crop matured, was picked and stored water soaked and laden with Ohio Valley silt while in the crib. One thousand bushels of this flood-damaged grain was bought, chopped and ensiled. The ears of the haulers were muffed against 15-degree temperatures, while the ears coming from the cribs were 140 degrees. During a 62-day feeding period, the corn salvaged by ensiling and fed with small amounts of cottonseed meal, limestone and alfalfa, produced steer gains averaging 2.15 pounds a day.

Green Ears

Early in October 1957, snapped but unhusked, semigreen ears spilled from the picker elevator into trailing wagons. Sixty tons of fully denting, 40% moisture corn was chopped and blown into a concrete trench. Extra-careful covering with plastic and sawdust will keep this feed tasty and unspoiled for steer

feeding experiments.

Caution

As this column is being written, a gentle rain is falling. It is October 15. Lee Gard, Station weather recorder, says it has been two months to the day since it last rained here. The forestry crew has already answered several field and forest fire calls. Their concern is that this rain is too gentle and too light for any of us to ignore the caution, "Be Careful With Fire."

This and That

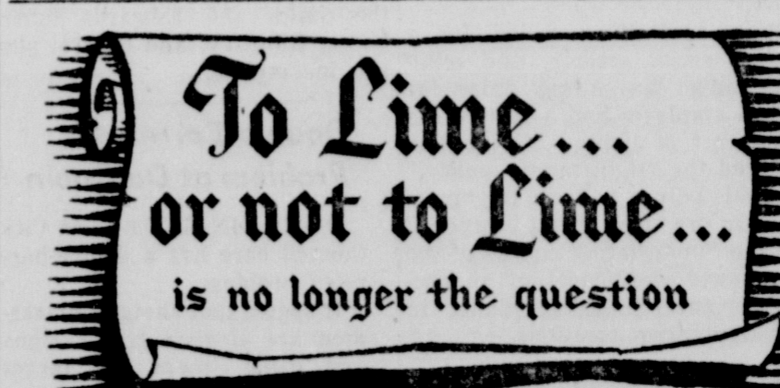

One day recently George Cmarik, cattle researcher, got off the reservation with the portable livestock scales to assist with production testing of the John Spaulding herd of Herefords at Villa Ridge. Recently Dr. L. C. Bliss and 16 students of a class in plant ecology spent a day on the Station. Randy Boggess, forester and botany expert, who was host to the group, reported that projects of interest were weather, runoff, stream flow and tree growth.

Arlie Toole to Take Part in Conference at SIU

Twenty members of the U. S. Forest Service national and regional committees on log and tree quality are expected for a two-day Log and Tree Grade Work Conference, beginning Monday, Oct. 21, at Southern Illinois University. The Carbondale Forest Research Center at SIU will be host to the conference.

The group will review log and tree grading studies being conducted by the Carbondale Center and discuss special grade determining techniques developed here. The second day (Tuesday) will be spent at the Kaskaskia Experimental Forest in Hardin county, a field laboratory for the Carbondale Center.

Among persons expected for the conference are: Carl Newport, Berkeley, California, U. S. Forest Service chairman of the national committee on log and tree grading; and Arlie Toole, St. Paul, Minn., Region Nine committee chairman. Toole formerly was Shawnee Forest supervisor with headquarters at Harrisburg.

Every Week A Home Safety Week

Though National Farm and Home Safety Week was scheduled for July 21-27, still each week should be a home safety week. Homemakers should be alert to the possibilities of accidents within the home. The kitchen seems to be a dangerous spot within the home. Is your kitchen a safe place for you and your family?

Scalds and burns rank high among kitchen accidents. Do we follow the precautions listed below:

1. Keep the children out of the line of traffic while you are working in the kitchen.
2. Make it a habit to turn handles of all pans toward the back of the range or table. Never let them protrude over the edge.
3. Be careful where you put electrical devices in your kitchen. A cord dangling from a coffee percolator or toaster invites the curiosity of a small child. Keep it well out of reach. Also avoid the possibility of tripping over cords that may upset fans, sweepers, heaters or other electrical equipment.
4. Keep matches out of reach of small children. Use only safety matches if there are small children in the family.
5. Always be on the lookout for hazards to health and safety in the home. Falls and burns are the two most common causes of home accidents.

The way to prevent an accident is to know the cause, remove the hazard and then practice safety and accident prevention until they are second nature to you.

Quiz yourself about hazards that may be found in your home. Look at each room critically. During 1956 home accidents ran a close second to auto accidents, causing 32,000 deaths.

Safety Makes Sense.

One of the surest ways to wipe out a beautiful friendship is to sponge on it.

WONDERING WHY there can't be 18 months in a year, Warren Talley, Southern Illinois University journalism student, tries to remain objective about picking a dozen finalists for a "calendar girl" contest sponsored by the SIU chapter of Sigma Delta Chi, honorary journalism fraternity. Twelve winners—one representing each month—will grace the pages of a calendar produced by the SDX student chapter at SIU. The 25-cent calendars represent a major source of revenue for the chapter, of which Talley is president. Winners will be selected by vote, one to each person who orders a calendar. Seated, from left: Betty and Patricia Florio Alton; Talley; Helen Chapman, Clinton; Lois Green, Wood River; Danelle Sedlack, Christopher; Rosalie Stein, Mascoutah; Linda Mueller, Chicago; Lois Crim, Mound City; and Helen Smith, Chester. Standing: Marjorie Zimmer, Harrisburg; Joan Norkus, East St. Louis; Ruth Reedy, West Frankfort; Renata Kacanaskaus, Chicago; Jane Herr, Warrensburg; Barbara Absher, Marion; Diane Marselli, Metropolis; and Mary Ruth Newlin, Mt. SIU Touring Theatre Troupe to Present Play at Junior High School Monday

Southern Illinois University's touring theatre troupe—a group of drama students who combine professional experience and undergraduate study—will present a children's play in Harrisburg Monday, Oct. 21.

"The Sleeping Beauty," a dramatic adaptation of the famous tale by Charlotte Chorprenning, will be performed for Harrisburg grade school students at 10:30 a. m. and 3 p. m. in the Junior high school auditorium. Admission free for the youngsters will be 25 cents.

Under the direction of Darwin Payne, graduate assistant in the SIU department of theater, the Players hit the road Oct. 15 on a Southern Illinois tour that will include some 26 communities. During the trip, which is arranged each year by the SIU Extension Division, student actors are responsible for all phases of production. They make their own costumes, build and erect their own sets, sell tickets, handle makeup chores, drive actors and equipment to and from locations and take care of stage lighting.

The tour marks the Players' fifth season on the road. It will be the first time they have not been accompanied by Dr. Archibald McLeod, professor of speech at SIU, who originated the "Road Show Classroom." McLeod was named chairman of the SIU department of theater this year, and will be kept busy with campus administrative tasks and rehearsals for the campus play season.

In most communities the plays are booked by service clubs, women's groups, school organizations and community agencies. Profits are used for local projects.

Sponsoring the plays in Harrisburg is the Saline County College club.

Members of the Southern Players touring company are Don Gilleland, Alton; C. V. Bennett, Carbondale; Dorothy Beck, Winchester; Patricia Cook, Ottawa; Helen Beattie, Sparta; Harriet Sax, Chicago; Patricia Yates, Du Quoin; Joan House, Auburn; Richard Mansfield, Chicago; Fred Misch, Evanston, and Jack Baker, Oakland, California.

Open Temporary Hospital at SIU

CARBONDALE, Ill. (UP)—A temporary hospital was opened Thursday at Southern Illinois University to insure proper care for students afflicted with flu.

The hospital is at the Southern Acres Campus, 10 miles east of Carbondale.

Dr. Richard Lee, university physician, said that different varieties of flu had affected more than 1,500 students during the past five weeks but that more than two-thirds of the cases had been mild and required only "self-care."

Quite a few students received care at home, he said, because three-fourths of those enrolled live in the southern part of the state.

Dr. Lee said he did not know how many of the flu cases were of the Asian variety.

Murphysboro Council Approves \$1,700,000 Bond Ordinance

MURPHYSBORO, Ill. (UP)—A \$1,700,000 revenue bond ordinance was passed Thursday night by the Murphysboro City Council to purchase a water plant, construct a sewerage disposal plant and extend sewer lines.

The city, which now discharges raw sewage into the Big Muddy River, is under court order to build a plant. The ordinance will become effective in 21 days unless voters petition for a referendum.

The English poet, Lord Byron, sang of Daniel Boone and referred to him in the long epic poem "Don Juan," as "General Boon, back woodsman of Kentucky."

France Bitter At Assembly Vote Against Pinay

PARIS (UP)—A wave of popular revulsion swept the country today against France's capricious Parliament and the humiliating defeat it inflicted on Antoine Pinay in his attempt to form a government.

Not since the days of Marshal Henri Philippe Petain has a nation been so bitter against the National Assembly which is divided into 13 separate parties and unable to form a majority.

The assembly voted 248 to 198 Friday night against installing Pinay as France's 24th postwar premier despite his urgent pleas that 20 days of government crisis has harmed France at a time of international tension and threatened economic chaos at home.

Paris newsmen belabored the assembly, but the man in the street was the bitterest. Observers said they had seen nothing like it since Petain's Vichy regime, following collapse of the third French Republic in June 1940 under the onslaught of Nazi Panzers.

New elections appeared almost certain since no candidate for the premiership was given a chance of forming a stable government. The movement to bring in a strong man to lead France gained ground once more.

West Germany Breaks Diplomatic Relations With Red Yugoslavia

BONN, Germany (UP)—The West German government severed diplomatic relations with Communist Yugoslavia today.

The move was taken because Marshal Tito of Yugoslavia recognized the government of Communist East Germany on Oct. 15.

Chancellor Konrad Adenauer took the view that any government recognizing the Soviet zone regime might delay the future reunification of Germany.

West German Foreign Minister Heinrich von Brentano called Yugoslav Ambassador Dusan Kveder to the foreign office to hand him an official note formally breaking relations.

a "Declaration of Independ

Gee, 18, Ross, 14, and Stevie, 6.
The "Declaration" reads: "This
declaration gives me the right to
do these things when mother is not
at home. Ross and Gee cannot

anything that is done on my part.
That I may be able to do anything

That mine and Stephen's room
cannot be entered except with my
permission. That Gee and Ross
cannot break anything of mine or
take anything of mine. The Dad

Miss Leah Kemp Hostess

To Equality Tuesday Club

The Equality Tuesday Club was
pleasantly entertained in the Home
Economics rooms of the high school
Tuesday evening, October 8, Miss
Leah Kemp, hostess. Twelve mem
bers were present. The members
with four guests were seated
around two nicely arranged tables.
Attractive Halloween place cards
served as favors.

Meeting was called to order by
the president and Pledge of Alleg
iance to the Flag and repeated the
collect in union were opening
numbers. Minutes of the previous
meeting were read and approved.
Reports of committees were heard
and one new member, Mrs. Wen
dell Langendorfer was introduced
and welcomed into the club.

The guests, Mrs. Burton Shann, Miss
Pat Folks, Miss Nelle Sheffer and
Mrs. Elvis Spencer were welcomed.
Response to roll call was naming
"A Publisher" and each member
presented a book of unusual inter
est as to age, binding, type and etc.,
and an interesting collection was
displayed.

The program for the evening was
in charge of Mrs. James B. Reed
whose subject was "Developing of
Printing." She used Douglas C.
McMurtie's book entitled, "The
book, The Story of Printing and
Book-making," as the source of her
remarks.

The story of printing and book
making is a romantic and fascinat
ing story of one of mankind's great
achievements, the printed book.
The ambition of the true artist in
the bookmaking field is to present
fine works of literature in a fine
format. The typographer who has
opportunity to plan a popular nov
el, the cover of a telephone book,
the headlines and layout of a Met
ropolitan newspaper may make the
same contribution to raising stan
dards of public taste as the archi
tect who designs inexpensive work
ingmen's houses of real beauty and
charm.

Mrs. Reed traced communication
from the remote past when man was
able to communicate with his fel
lows only by means of cries or
grunts supplemented no doubt with
gestures or a sort of sign langu
age which persisted even after
man became capable of articulate
speech. Our present day alphabet
has evolved from the crude draw
ings or pictures on the walls of
caves through the various stages of
ideograms, pictographs, syllabic
writing and finally the alphabetic
to complete this change, which is
called "the most signal intellectual
achievement ever attained by man,"
required several thousand years.

The most cursory reflection will
make it clear beyond doubt that
books are a primary necessity of
life in any civilized community.
And the setting of type and the
printing of books is as truly a craft
susceptible of high standards as

ATTEND CHURCH SUNDAY

IN HARMONY

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The house lights dimmed, the director raised his baton, and the music of Brahms flooded the auditorium. Suddenly I was lifted into a world of sheer beauty and harmony. When the last notes of the symphony died away spontaneous applause greeted the director and the musicians.

What a thrill it would be to play in a great orchestra, I thought. Each instrument must be perfectly in tune, but until they play together there can never be the harmony or the volume of a symphony.

That's the way it is with life. We may strive to find joy and beauty alone. But only when we tune our lives with our Creator do we discover the abundant life.

Then united with fellow Christians in the Church, with Jesus Christ the Leader, we discover beauty and harmony, not only in this life but for all eternity.

'The Christian Minister'

I Corinthians 9:1-2; 13:22; 26:27
GOLDEN TEXT: "How then shall they call on him whom they have not believed? And how shall they believe in him of whom they have not heard? And how shall they hear without a preacher?" (Romans 10:4).

INTRODUCTION — How may one know whether or not he should become a minister? This question is often asked by young people who feel that perhaps the ministry should be their life's work.

What should be your attitude toward those who are in the ministry? There are many wrong impressions on the part of both men and women as to the answer to this question.

The call to become a minister of the gospel is a high calling. This call comes from God. Perhaps no greater honor can come to any person than to be called by God to become a minister. Also, no greater responsibility can be laid upon the shoulders of a person, because the eternal destiny of the souls of men become his responsibility.

This lesson today answers some of the questions concerning the minister.

I—GOD CALLS AND SENDS

MINISTERS (V. 1-2)
To some the work of a minister of the gospel appears to be attractive. Once in a while a young person actually attempts to become a minister simply because it does appear to be attractive. Without exception these people fail to become successful in the work of the ministry.

Why is this? The answer is very simple. God did not call them to become ministers. Since He did not extend the call, then He did not place His blessings upon their work.

Mothers, dads and grandparents sometimes try to call a young person to the ministry. A young man told me recently that it was his grandfather who called him to become a preacher. This young man was miserable. He wanted to be a teacher in our public schools. His loved ones exerted unfair influence on him to "force" him to become a preacher. Let me repeat, men cannot call others into the ministry. Only God can extend such a call, and when He does,

the one called will know it. (We have two sons. It has been a temptation to me many times to try to tell them that God would want them to be minister. Yet, how do I know what God wants in my sons to become. This is a matter strictly between them and God.)

II—MINISTERS "LIVE BY THE GOSPEL" (V. 13-14)

When a man knows that God has called him into the ministry, he can face all kinds of trials fearlessly. When serious problems and opposition arise (and they will, if he preaches the gospel) he knows that God stands by his side. Without the knowledge and assurance of God's presence, the "would-be" minister is whipped before he starts.

Certainly, no true minister of the gospel will place a price tag on his ministry. He is to live by the gospel. Those whom he serves have the responsibility of looking after his material needs. In some church families the pastor has been sadly neglected. Any pastor should be taken care of by his people. He has financial responsibilities the same as any other man in the church. He is expected to dress himself and his family better than the average person in the community. His family get hungry just the same as do other people.

Paul makes it quite clear in verses 17-18 that the minister is "worthy of his hire."

III—FREE FROM MEN—

SERVANT TO ALL (V. 15-19)

The minister is ready at all times to meet the needs of the poorest of people. He makes no charge for his services. The pastor is often as highly trained as the medical doctor, yet, he renders his services to all people alike, and without charge. Many times a pastor is called upon to conduct funeral services, or, to render other services for people outside his church family. It is good when he can say to them: "My church family pays me a good salary and makes it possible for me to render this service to you without charge."

This makes the pastor "free from all men and servant to all."

CONCLUSION (V. 26-27) When a man knows that he has been called by God into the ministry he can

preach with power. His messages pack a punch more effective than those of a heavyweight boxer, because the messages are from God. He does not "beat the air" as Paul says some men do. The minister has the tremendous responsibility of preaching God's message. The people have the responsibility of heeding God's message, and of taking care of the needs of the minister. What is your attitude toward your pastor? Is God pleased?

Prospects Dim As Duck Hunting Season Opens

SPRINGFIELD — The 1957 Illinois duck hunting season opened today, with prospects dim for much luck for hunters early in the season.

Mild weather, the Conservation Department reported, had the ducks staying out of Illinois in droves.

The duck, geese and coot hunting season opened today to run through Dec. 27.

The department estimated some 120,000 hunters would be in the hunting areas on opening day, despite the poor prospects.

The weather has been too mild along the Mississippi flyway, from Canada to the Gulf of Mexico, for the ducks to be moving south in large numbers, the department said.

However there were "a few ducks" at most favorite hunting spots, and early season hunters had some chance of bagging some. Some of the ducks headed south may even "have gone back northward" because of the mild weather, the Conservation Department reported.

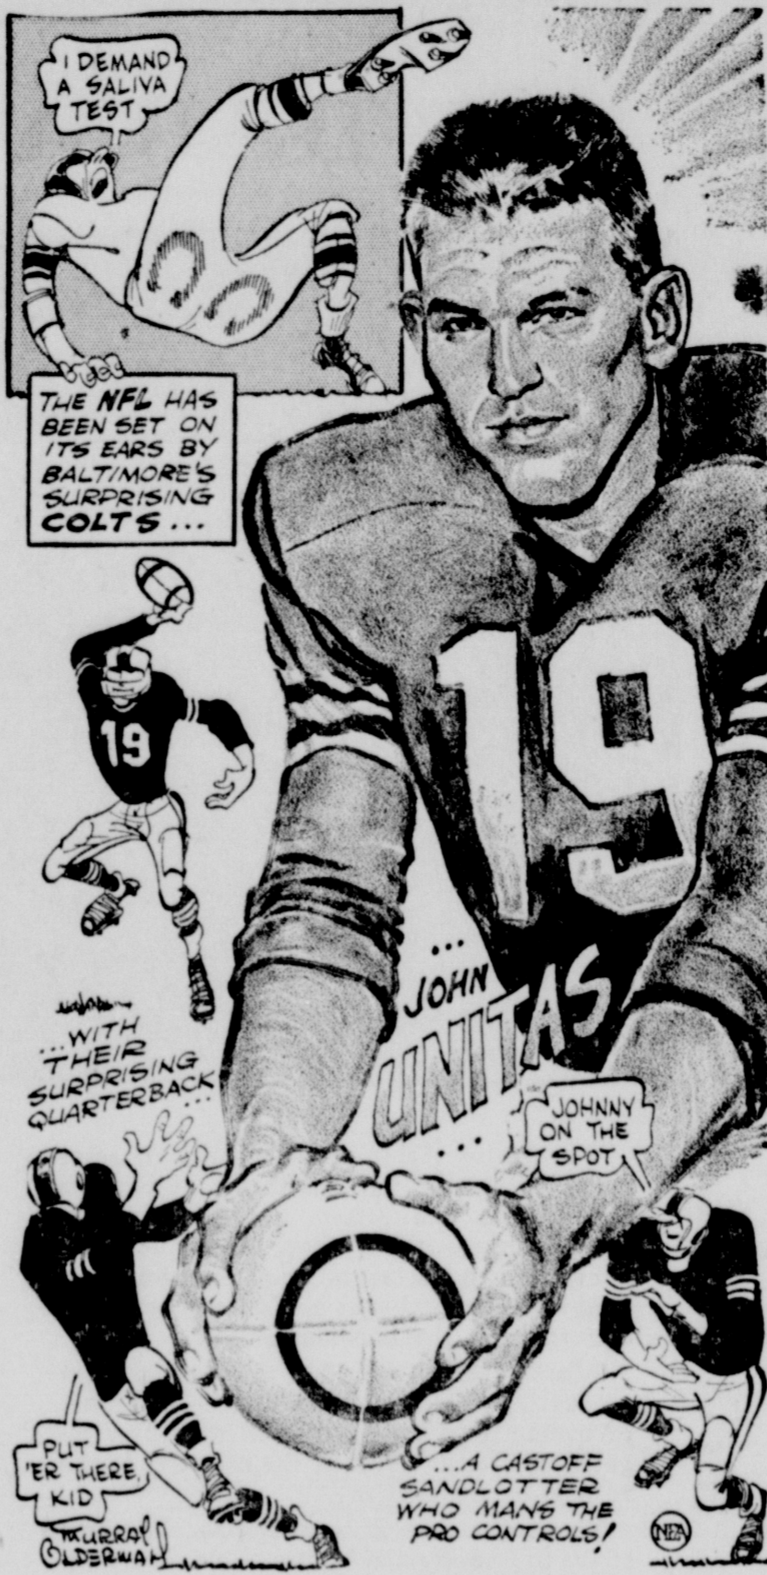

Shooting hours are from one half hour before sunrise to sunset, except in Alexander County, where shooting for geese will be from sunrise to 3 p. m.

Daily kill limits are 4 for ducks, 10 for coots and 5 for geese. Possession limits are the same as the kill limits for coots and geese, but the possession limits on ducks is 8.

Also the geese limit may not include more than two Canada geese and the ban on shooting wood ducks is still in effect.

Rory Calhoun Whips Castellani In Ring Pursuit

NEW YORK — Middleweight contender Rory Calhoun, who won a lopsided decision over Rocky Castellani Friday night, looked to France today for an opponent because no American contender who will fight him.

"I've had to cable Charley Hume of France to see if he'll fight you," matchmaker Billy Brown told the White Plains, N. Y., slugger who had chased veteran Castellani about Madison Square Garden's ring for 10 rounds and hit him whenever he could.

It was the first fight at the

Garden in nearly six months and it was a very dull one for the 3,000 fans and the TV spectators because of Rocky's running and grabbing tactics.

It was such an uneven pursuit race that none of the three ring officials gave Atlantic City Rocky more than one round. Judge Tony Castellano did call it eight for Calhoun, one for Rocky and one even. But both referee Harry Kessler and Judge Harold Barnes scored it 9-1, as did the United Press.

Bull Pups to Play at Herrin Monday Night

The Harrisburg Bull Pups will travel to Herrin Monday night for a grid tilt with the Tiger freshman-sophomore team.

Bona Scores Four Times 'Down the Middle'; TD By Yates After Stone Run

It was "Bona-down-the-middle" last night at Taylor Field as the Herrin Tigers beat the Harrisburg Bull Dogs, 41-6, in a South Seven conference football game.

Charles Bona, Herrin back, smashed through the middle of the Harrisburg line and kept going on past the secondary for the first four Tiger touchdowns on runs of 48, 14, 94 and 60 yards.

Fifth Herrin touchdown came on a 48-yard pass, Jim Gualdoni to Willie Williams, and the six on a six-yard run by Gualdoni.

Early in the third quarter Harrisburg scored to make the count 20-6 when Mickey Stone took the

ball on a reverse and raced 59 yards to the Herrin 2, where he was tripped up by Williams. Three plays later Bill Yates ran wide to score the touchdown. Ron Maynard's kick for extra point failed. Half Ends 20-0

Herrin scored twice in the first quarter on Bona's 48 and 14 yard runs. Williams went over for the extra point on the second touchdown and the quarter count was 13-0.

On the first play after Harrisburg had punted to the Herrin 6, Bona got through the line and went for 94 yards, one of the longest runs from scrimmage on the local field, for the second quarter score. Williams went over again for the extra point and the half ended 20-0.

Herrin kicked off to Harrisburg to start the third quarter and Eddie Price returned to the 37. After Yates made two, Stone ran the reverse 59 yards to the 2, from where Yates scored.

After the very next kickoff, which Herrin returned to its 40, Bona ran 60 yards for a tally and Williams went over again for the extra point and the score was 27-6. The Gualdoni-to-Williams pass that went for 48 yards accounted for another third period score which made the count 34-6, after Gualdoni had smashed for the extra point.

Homecoming Next Week
Gualdoni scored the final touchdown early in the fourth period and also took the ball over for the point.

Harrisburg Coach Lawrence Caluffetti used Ira Logan, Don Pickford, Carl Fleming and Joe Wathen at ends, Jack Pickford, Ron Maynard and Harold Beal at tackles, Darrell Biggs, Bill Endsley and Gary Leverett at guards, Allen Buchanan at center, Gary Aldridge at quarterback, Bill Yates, Mickey Stone and Darrell Duke at halfbacks and Eddie Price and Wendell Fisher at fullback. Duke got in for a lot of playing, both on offense and defense, during the contest. He had not played much up to last night.

Statistics for the game:
First downs, Harrisburg five, Herrin seven. Yards gained rushing, Harrisburg 138 net, Herrin 332 net. Yards gained passing, Harrisburg two, Herrin 56. Total yardage from scrimmage, Harrisburg 138, Herrin 388. Passing, Harrisburg one out of six with one intercepted, Herrin two out of four with one intercepted. Penalties, Harrisburg penalized 35 yards, Herrin penalized 60.
Next week will be Homecoming. Carbondale will be the foe.

Eagles Edge W. Frankfort 26-20

Fourth Quarter Rally Keeps Eldorado Unbeaten, Untied After Scare by Red Birds

Eldorado's Eagles received the scare of their 1957 football lives Friday night, but a big fourth quarter rally kept the Eagles as the only unbeaten, untied football team in southern Illinois.

The final score was Eldorado 26, West Frankfort 20.

A hard running West Frankfort Red Bird backfield, operating behind a fierce charging line, put Eldorado in a 13-point hole in the opening quarter and continued to rock the Eagles fairly consistently in the next frame.

The Eagles improved as play progressed, held up well in the third period, then came to life and were in command in the fourth quarter.

West Frankfort had a net gain of 217 yards for the game, gaining a whopping 112 in the opening period. The second quarter saw the net gain whittled to 59; only 37 yards were gained in the third and a mere nine in the fourth. Eldorado Line "Mouse Trapped"

As the game opened, Eldorado's big line was "mouse trapped" time-after-time. The linemen found it easy to charge straight through, but were out of position for wide end sweeps and long pitchouts by the WF backs.

Taking the opening kickoff to their own 36, West Frankfort started a downhill march that climaxed in a TD after 5:10 had been played.

Dick Gore, fullback, and Warren Barty, 205-pound junior halfback, alternated in the drive that picked up four first downs. With the ball inside the ten yard line Barty barreled off tackle and in to the end zone. Mike Henley converted and WF led 7-0. That was the first time this season Eldorado had trailed, a position the Eagles were in until the game had only 3:10 left.

After taking the kickoff and picking up one first down, Eldorado failed to gain in the second series

of plays and punted, with a good run back taking the ball to the E-48. Gore made 2, then Bruce Link faded back and found end Jim Castagna open. Castagna raced to the end zone and WF led 13-0 with the opening period about gone.

Fumble Sets Up TD

Eldorado, advanced the ball to the WF 28 after putting the kickoff in play on their own 27 late in the quarter. Big gains included an 18-yard jaunt by Carl Justice and 14 yards by Lester Feuguay and vital short gains by Jack Fowler.

As the second quarter opened Feuguay carried four consecutive times, the last carry being for one yard and into the end zone. The quarter was 2:15 old.

A WF fumble on the following kickoff set up the Eagles' second TD. The recovery was made on the E-48. Fowler, Feuguay and Jerry Rains took turns toting the ball, advancing to the 18. Feuguay then broke loose for the TD.

Frankfort bounced back, scoring on a long Link-to-Barty pass, the play covering 45 yards. Barty raced past Feuguay and took the pass with no one between him and the goal line. Henley converted and at halftime WF led 20-12.

Intercept WF Pass

The teams battled to a scoreless draw in the third quarter, but the Eagles had a march started, with a 20-yard Justice-to-Woods pass taking the ball to the WF-42 as the horn sounded.

Fowler and Feuguay carried to the 28, then Feuguay made a spectacular pass reception to score his third TD of the game. Jack Fowler converted and the score was Eldorado, 19, WF 20.

A fumble stopped one WF drive, but Eldorado couldn't take advantage of the opportunity and punted. WF had another ground game going, picking up 25 yards

in four plays, then elected to pass. That was the big mistake of the game.

Mike McMahon, Eagle tackle, intercepted on the WF 46.

On the first play from scrimmage Fowler, a top notch workhorse in the Eagle backfield all night, broke over his own right tackle and carried to the one yard line before being hauled down. A couple of stabs at the line, Feuguay carrying on the second, resulted in the winning TD. Fowler again converted, and Eldorado's

winning streak was extended to six for the year.

There were still three minutes to play, but the Eldorado line showed its ability by throwing the ball carriers for big losses on three of the five running plays.

Eldorado gained 282 yards from scrimmage, including 48 by passing and had 13 first downs. WF gained 217 yards, 92 through the air and had 10 first downs. WF was penalized 19 yards, Eldorado none.

Next Friday the Eagles go to

Cairo. Herrin will be at West Frankfort.

Starting lineups — Eldorado, Woods and Baugher ends, Goodley and McMahon tackles, Laffoon and Holman guards, Pool center, Justice, Rains, Fowler and Feuguay backs; WF—Castagna and Ielase ends, Henley and Rightmower tackles, Wilson and Woods guards, Pitchford center, Link, Barty Smothers and Gore backs.

Officials: Munday, Benton; Reynolds, Carterville, Dohanich, Herrin.
